Dear Mrs. Riley:

On behalf of the staff and young ladies of Occupational Education Center- Central, I would like to thank you for your lesson on personal image. It was most informative and the young ladies certainly learned a great lesson on poise and posture.

I would also like to commend you on your professionalism and enthusiasm in working with our special needs population. We hope that we can have you come back to our center to instruct another lesson in the near future.

Sincerely,

Vickie E. Gaines
