Dear Donna:

Thank you so very much for the special evening of etiquette that you presented to the Youth Leadership DeKalb class last month. I really enjoyed meeting you and watching you interact with the students. I truly appreciate your ability to incorporate a meal with the lesson which was very challenging.

Thank you for sharing copies of the evaluations with us. We enjoyed reading them and thought the student comments were very positive. I hope that you will consider working with us again!!

I look forward to speaking with you in the future about ways to cover even more of the business/interview etiquette and skills that we would like for the students to learn.

All the best,
