Re: Youth Leadership DeKalb

Dear Donna:

Thank you again for conducting the session on "Communications Skills" for Youth Leadership DeKalb on March 20, 2000. As you will see from the attached evaluations, the students were very responsive to your comments, and enjoyed the session a great deal. The information that you provided to them was extremely important, and greatly appreciated.

Given the success of this seminar, I hope that you will consider hosting another session for us again next year. Thank you again for everything.

Sincerely,

A handwritten signature in black ink that reads "Pat Killingsworth". The signature is fluid and cursive, with the first name "Pat" being particularly prominent.
